We value an environment that is:

- ❖ *respectful, empathic, compassionate, dignified and collaborative in its interactions with clients and staff.*
- ❖ *appreciative of people’s uniqueness, strength, flexibility, and willingness to learn, grow and change.*
- ❖ *honest, inclusive and that honors respectful feedback and allows for people to question themselves in order to better serve clients and assist one another in their professional growth.*
- ❖ *a learning environment in nature, understanding that people make mistakes. We value the taking of responsibility and the process of growth that comes from this.*

Discover Recovery Outpatient Program

The Discover Recovery Program is a three- to twelve-month outpatient program for adult men and women. Clients attend two to four times per week based on their individual need. The program utilizes the evidence-based work of Lisa M. Najavits, PhD, a Professor of Psychiatry and the author of “Seeking Safety.” The curriculum links recovery from substance abuse with recovery from mental and emotional challenges and providing guidance for both.

The program combines informational lectures on addiction and mental and physical health-related issues, psycho education group process, workbook exercises and individual counseling to provide comprehensive treatment. Clients are assessed for additional occupational, housing, literacy and health care needs and are linked to appropriate services.

Women's Intensive Day Treatment Program

The Women's Intensive Day Treatment Program is a gender-specific structured, three-phase program with individualized, comprehensive, and intensive services. Women attend three to five days per week, four hours per day, for a minimum of three months to a maximum of one year. Transportation to and from the facility and on-site therapeutic day care for the attendees' children (age five and under) are provided, along with one hot nutritionally balanced meal. The program utilizes the evidence-based work of Dr. Stephanie Covington, a clinician, author, organizational consultant, and lecturer who is recognized for her pioneering work in the area of women's trauma and other issues.

The program includes group and individual therapy; case management; 12-step meeting attendance monitoring; women's health education; parenting & child development education; relapse prevention; vocational rehabilitation; anger management; reading, writing, and math classes and General Education Diploma (GED) preparedness.

Our Vision:

- ❖ *diversity, compassion, healing, and growth are encouraged, valued, and celebrated;*
- ❖ *the devastating effects of substance abuse, mental illness, and violence are diminished;*
- ❖ *relationships, families, and children thrive.*

First Offender Drinking Driver Program

The First Offender Drinking Driver Program provides education and counseling over the course of 3, 6 or 9 months. The goals of the program are to prevent continued driving while under the influence and to intervene in the progressive development of the disease of addiction.
